

One little elf has lost his shelf, can you build him a new one from recycled materials?

The shelf must be able to hold the weight of a bag of sugar and an elf if you have one!

Oh no! Santa has left a present in the sleigh, can you build a parachute so the elves can drop it down to him?

Top tip : Use a sheet of paper or large coffee filter with string attached to the corners

One little elf is stuck up the tree, can you build him a zip wire so he can get down?

Top tip : Use string for the zip line and a pipe cleaner as a harness.

Oh no! the elves have lost their jingle bells. Can you make them something noisy as a replacement?

Top tip : Put small items in a paper cup, cover with a lid and shake!
